Fires Spend Force

VANCOUVER, Aug. 26.—Forest fires which have raged for three days in the Sooke highway area, British Columbia, today arrived at a point where they were expected to have spent their force.

At Weaver Lake, near Harrison Hot Springs, 100 men had succeeded in checking a fire which threatened the Weaver Lumber Company's timber limits during the last two days.

Fire action on the part of forestry officials and volunteer fire fighters brought flames under control near the Sooke highway.

At Bosten Bar and at Chilliwack were burning fires being controlled by fire fighters.

Revolt Has Run Through Life Of Cuba's New Leader From Cradle To Presidency

Father Died Before Spanish Riffes

HAVANA, Aug. 26.—Revolt was a free Cuba has run like a scarlet thread through the life of Carlos Manuel de Cespedes, new president of this republic.

He was born posthumously in New York, a few months after his father—who bore the same name—had been killed by the Spaniards, against whom the elder Cespedes had led Cuba's ten-year war of independence.

Carlos Manuel de Cespedes, the son, went to Cuba in 1896 and became a colonel in the army of the rebel hero, Gomez. His success in war launched him on a civil career, and he became governor of Orinoco province after the United States had freed the island.

Now he becomes president as the result of still another revolution.

Cespedes is one of Cuba's most venerated names for the president's father was a great hero.

With a few followers, the first Manuel de Cespedes started from his own estate in a revolt against Spain in 1895. After the first battle he was left with only a dozen men. But he issued a battle cry still famous in Cuban history.

After he defended his own city of Bayamo for several months until reinforcements arrived from Spain. When he was elected the first president of "Cuba Libre" his brother-in-law of the new president was made chief of the rebel army.

SASKATOON, Aug. 26.—Attentively decorated with gladioli and ferns, St. John's Cathedral, Saskatoon, was the scene of a pretty wedding Friday evening, August 25, when Miss Jean Parker, daughter of Mrs. Sarah Parker and the late Mr. J. The ceremony, which took place at 7 o'clock, was performed by the Rev. W. T. McNeil, Rector of St. John's Cathedral, assisted by Rev. W. L. Armstrong, dean of the cathedral.

Entering the church on the arm of her best man, Mr. J. C. Wilson, the bride was lovely in a gown of white tulle, with a long train elaborated with delicate blue finches. She wore a large, white, lace-trimmed jacket of tulle tulle in olive blue, pink lace mitts blue and a pair of blue shoes. Her hair was styled in a wavy, finger-wave style.

Miss Jean Parker, daughter of the bride, acted as maid of honor and was wearing a gown of white tulle with a long train. She carried a bouquet of white roses and a small basket of white flowers.

After the wedding, the bride and groom were entertained at a reception at the home of Mrs. J. C. Wilson, 1214 St. James street, where the bride and groom were surrounded by a large number of guests.

In the Swim

If you're a wise codd, you'll see that your back-to-college wardrobe includes at least one two-piece wool sport dress.

One model that is sure to make in the new dress style, worn outside the skirt.

The dress with an all gray skirt and a white top will be the last word in this simplicity.

If you like to wear a separate top and skirt, you'll find this very smart for fall and winter.

Social - Personal

MISS ELIZABETH STIRLING HAYNES, director, and Mr. Theodore Cohen, assistant, are receiving congratulations on the success of the three days' sessions of the Institute of Pacific Relations in the Banff Springs hotel on Monday and Tuesday evenings.

The "Slave With Two Faces" and "No Smoking" were the other plays presented. A number of Edmonton people were in attendance at the school.

And here's what a young college professor, a one-time Albertan, has to say about Paris in the guide book.

Paris, which tries to be an original, has made me a bit of a Babbitt, he writes after a year there, and continues: "By perhaps the effect will wear off after I return to within reach of the tongues of our native Mrs. Grundys."

Commenting upon a French remark, "Lack of practice in English produces maladroitness in expression," the French people are not so far from the truth when they find that when I do attempt my native tongue I am sure to get away from the forms of speech that are French that I become terribly clumsy. To catch myself saying "seren" continually works havoc with the subject.

"My reactions to Paris are all wrong," he writes, "and I am sure which have been written about it by people who have never been into the city. The French people are not so far from the truth when they find that when I do attempt my native tongue I am sure to get away from the forms of speech that are French that I become terribly clumsy. To catch myself saying "seren" continually works havoc with the subject."

Registration Of Unemployed Women Progresses Slowly

Registration of the single unemployed women, which is arranged by the Catholic Women's League throughout Canada, has been slow in Edmonton. There have been a few registrations at the Y.W.C.A. and a number at the St. Mary's rectory, but owing to the fact that it is the harvest season and a great many of the women in domestic service are out of the country the organization is threatened in its purpose.

The object of the investigation is to assist the women who have no work, and although it has been instituted by the Catholic Women's League of Canada and is being carried on by them throughout the province, women of every nationality and creed are requested to register.

Women in business, the professional women and the women in service, unmarried or widowed, are asked to register at the Y.W.C.A. All parish rectories, the Catholic women's hostel, Holy Hill, or the St. Mary's rectory, will be glad to receive them.

"Ah, good old fellow," Scout said. "That time I think you used your head. And say, we want to thank you for the fine job you have done."

"Now for the book! Gee, lads. I hope that we can slip it through the rope," cried Ducky. Then their first attempt brought forth a merry shout.

"Well, we have done all that we can. Now signal to the door man, said Shrimpy, "and if he is strong, he'll pull the old chest out."

show you how real knots are tied."

And shortly, all the Tynymites were working hard and fast.

At last old Shrimpy said, "Oh, now, I do not think we need to lie it any more. The way it's knotted now, it's sure to last."

Continental Musical For Week, Strand

She "Tone" Tonight which came to the Strand Theatre today for a run of six days, contains musical numbers which are sure to become hits. The most interesting song of the picture is "Tell Me Tonight" which is the old days of picture music has been learned the three of it is in every sense of the word. It is a story of the story itself, naturally, getting the audience's attention. It is sung by the golden-voiced Kluge who is accustomed to rendering operatic airs of the most difficult type in his capacity as tenor, one of the Vienna songs, and it is put over with such tremendous appeal and power that it stays in the memory long after the picture has faded from vision.

Other late numbers of "She Tone" are the typical musical comedy number introduced for the first time in this picture by Bonnie Hale, "The Things I Do for You," and the "Non-Stop" number of Betty Chatterton. There is also included in "The She Tone" a new song, "A Bohème," a new song, "A Bohème," and the duet from "The Travels."

As has produced three special treats, each of which contains a new song, a new dance, and a new scene, you can see the three reels there are eighteen stars in all. Can you identify them?

Among the prominent European who are to participate in the inquiry are Lord Mervyn, vice-president of the House of Lords, Ditties Campbell, Tories and the Mon-Gifford, the three outstanding opponents of the British Unionist Party. The Frenchman, French writer, Andre Gide, who was French Minister of the Interior, and several other well-known jurists from Holland, Belgium, Britain, Germany and Scandinavia. The chairmanship of the inquiry is to be offered to M. Louis Vandenvelde, Belgian Minister of Justice, who once defended the social revolutionaries in Russia.

European participants in the inquiry include Theodore Dierker, John de Pouset, Otto von Guericke and Sheverson Anderson. Who ever of these men will actually lead the inquiry is not known.

NO FOREIGN COUNCIL ALLOWED

This parallel inquiry was denied upon after the refusal of the German government to have Dr. Dietrich Dittmer, Popov and Tarnoff represented by foreign counsel before the Leipzig court. Three famous French lawyers had been named to defend the case of the accused men and had come so far as to ask to be allowed examination of the evidence on which the state of Germany intended to build its case. The German government refused that the foreign legal advisers were required and that the inquiry would be for defense by the authorities. Despite the German lawyers' indignation, the court has been unable to proceed with the inquiry of an attorney in Germany.

Two British lawyers, who have been to Berlin in support of the case, have also been named to the inquiry. They are Lord Mervyn, vice-president of the House of Lords, Ditties Campbell, Tories and the Mon-Gifford, the three outstanding opponents of the British Unionist Party. The Frenchman, French writer, Andre Gide, who was French Minister of the Interior, and several other well-known jurists from Holland, Belgium, Britain, Germany and Scandinavia. RED WAR ON N.R.A. OPENS

NEW YORK, Aug. 26.—(Press) When N.R.A. chairman in New York City, charged Friday the communists have declared war on the N.R.A. and added that the Blue Eagle has been declared the symbol of the N.R.A. throughout the city.

Throughout the city communists were picketing above furniture and tobacco shops and have "rounded a call to arms" against the National Recovery Act.

A first case will be made immediately to stop the picketing, it is said.

The solar energy received by an area of 200 acres of tropical forest in the middle of a summer day amounts to about a million horse power, which is more than enough to supply all the heat and power used by a big city.

Tommy Feels More At Home Behind Bars

VANCOUVER, Aug. 26.—Tom King, who has spent almost half of his 61 years in jail, went back there Thursday for 15 months.

He was convicted of breaking a window in a shoe store and stealing seven pairs of shoes.

Produced in court King's record showed he had served 30 years in jail and penitentiaries in Canada.

Starved King, a high saddle promoter in Ladle County, Ill., was in jail because a band of Illinois, once besieged by the Indians, held out until starvation overtook them.

Gangsters Herded To Jail

Speedy indictments and trials for Chicago murderers, racketeers and racketeers is the rule under that city's new and vigorous war on the underworld. Here are shown some of the prisoners, sentenced in recent days by judges who gave up their vacations, being put on a train for Joliet, where the convicted men will be doing in Stateville prison.

FRENCH WHEAT PUZZLES PARIS

PARIS, Aug. 26.—France, it was pointed out in informed circles Friday, faces a serious problem regarding stabilization of the world wheat market.

Her last year's surplus, estimated at more than 20,000,000 bushels, is expected to be increased by this year's bumper crop. To maintain the government guaranteed price of 115 francs per quintal, heavy exports will be required.

G. D. Kent and Deschamps Hawkins made an accurate representation of the French wheat harvest in Alberta in letters for the Department of Agriculture, England, 25 tons of Canadian wheat were used.

Calgary Pair Seeks Kiss Distinction

CALGARY, Aug. 26.—Some-where in Calgary is a loving couple who believe themselves without equals when it comes to kissing. They have informed Mayor Andy Davidson, who is still somewhat bewildered if the city would meet expenses they would enter New York Thursday.

Apparently convinced they know all the Gatsby-Gibbs flirtations of the flapper, the former half of the loving pair, named Mayor Andy Davidson Thursday.

After waiting for the agent, the female voice added: "We would want a kiss lasting the words 'We Are From Calgary'."
